REASON, PURPOSE, AND INTENT

This speaker jam was dreamed to increase the unity and recovery in the small Tumble Weed Utah Area. We have taken some major blows and have struggled lately. This is our attempt to prove the lie is over We Do Recover, and that recovery is a reason to celebrate. The committee has focused their efforts, so this one day convention, has the feel of a 3 day convention. The local groups and members have realized our need for unity, and have pitched in to help. We hope you will help us with our NA unity, and support the group events on Friday, and Sunday. Plus we know that if you participate in the local activities and fun, you will keep coming back to our humble little fellowship. We are striving to make the convention one of a kind, like no other Utah Convention, something different and refreshing.
